

Contract of Additional Services for
Think•Map Geographical Information System
Spencer County, Indiana
October 2003

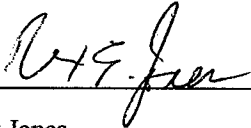

WTH Engineering, Inc. (the "Company") wishes to provide additional services for the Geographical Information System (GIS) for the Spencer County Board of Commissioners (the "Client") to be used by the Planning and Zoning Department within the county. The following defines the scope of products and services to be offered by the Company and the compensation to be paid by the Client.

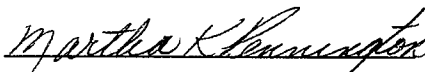

1. **Summary:** The following is a list of services that will be added to the Client's GIS. Each item is described in more detail in the sections below.
 - a) The Company will digitize the Client's existing zoning and rezoning maps so they can be utilized with the Client's county GIS.
 - b) The Company will digitize the Client's variance files so they can be utilized with the Client's county GIS
 - c) The Company will provide a desktop computer that will meet the minimum specifications to run Think Map.
 - d) The cost of the digital zoning maps, digitizing the variance files and the computer hardware is \$12,500.00.
2. **Map and Data Development:** All of the following data sets are included. All layers are positioned on the map to line up with each other and with the world.
 - a) Zoning: The Company will digitize the Client's existing zoning and rezoning maps. The Company will fit and adjust each zoning map into its visual location on the finished map using the aerial photography and existing map layers for reference.
 - b) Variances: The Company will digitize the Client's variance files. The Company will draw the variances as described in the variance file and will fit each variance to the aerial photography.
3. **Price and Payment:**
 - a) Zoning layer to be delivered within 60 days of the signing of this contract.
Variance layer to be delivered within 60 days of the signing of this contract.
Payment is due upon completion of WTH services.

IN WITNESS WHEREOF, the parties have executed this Agreement as of this 3RD day
